Master Subscription Agreement

This Master Subscription Agreement (the "Agreement") is made on **August 15, 2025** (the "Effective Date") between **Orbisa, Inc.**, Austin, Texas ("Orbisa") and **Orion Freight Systems, Inc.** ("Customer").

1. Services

Orbisa provides Orbisa Track (shipment tracking API and dashboard) and Orbisa Bill (freight billing and audit) as described in each Order Form. Order Form OF-2025-0815 is governed by this Agreement.

2. Fees and payment

Customer pays the fees in the Order Form annually in advance. Invoices are due within 30 days.

3. Term and renewal

The initial term is 12 months from the Effective Date. The subscription renews automatically for successive 12-month terms (each start date a "Renewal Date") unless either party gives written notice at least 60 days before the next Renewal Date.

4. Confidentiality

Each party protects the other party's confidential information with at least reasonable care.

5. Data

Customer owns its shipment data. Orbisa retains data according to its published Data Retention Policy.

6. Service levels

Orbisa will meet the Uptime SLA in Schedule B. Service credits for SLA misses are set out in Schedule B.

7. Refunds and credits

7.1 Except as stated in this Section 7, fees are non-refundable and Orbisa's standard refund policy applies.

7.2 Service credits for SLA misses are calculated under Schedule B.

7.3 SLA refund right. Notwithstanding Orbisa's standard refund policy, if Orbisa fails to meet the Uptime SLA in Schedule B in any calendar month during the **60 days following a Renewal Date**, Customer may request a **pro-rata refund** of the fees for the remaining part of the then-current term. Customer must make the request in writing within **60 days of that Renewal Date**. A refund under this clause replaces any service credit for the same month.

8. Limitation of liability

Each party's total liability is limited to the fees paid in the 12 months before the claim.

Schedule B — Uptime SLA

Commitment	99.9% monthly uptime for the Orbisa Track API

Measurement	(total minutes in the calendar month − minutes of unplanned outage) ÷ total minutes
Credit: 99.0% to less than 99.9%	10% of the monthly fee for that month
Credit: less than 99.0%	25% of the monthly fee for that month
Credit request	Within 30 days after the end of the affected month
